

Career Discovery in Landscape Architecture

Course Code: CDLA 2021

Faculty of: Architecture

Managed by: Division of Landscape Architecture

Level-of-study: Age: 15-17

Course Period: July 26-30, 2021

Type of Programme: Non-credit-bearing course

Area of Interest: Landscape Architecture

Course Fee: HKD 6,800

Eligibility:

- Students: Local; Non-local
- Age: 15-17
- Study Level: Secondary School students

Course Description:

Catering for a growing interest in how ecology and the natural forces interact with the built environment, this program aims to introduce how ecological parameters can be implemented in design strategies. Students will participate in workshops and seminars about sustainability, planting design, cultural landscape, and how ecological processes/ operations inspire the design of landscape spaces.

Course Schedule:

Monday – Friday, 9:30 – 17:00

Programme Director:

Vincci Mak

Course Instructor:

To be confirm
